Thanks.

Background: NY has been reviewing its efforts with respect to achieving its 2025 targets for Chesapeake Bay on nitrogen and phosphorus. We have a technical proposal concerning meeting NY's targets that we'd like to present to you and EPA Region 3's C'Bay team for your consideration. I am asking for a meeting to take place about a month from today, with NY providing you with the draft presentation about 2 weeks prior -- so that you and your team have an opportunity to preview NY's proposed approach. A technical discussion would follow NY's presentation. My sense is that NY would need 90 minutes scheduled, but that the meeting might be competed in a much shorter time period. I think you'll like our proposal. In light of the NOI, we'd plan on having one of DEC's staff attorneys listen in.
